Okay, most important questions first:

- is everyone in R4 (FL based) and their families safe?
- is the R4 office shutting down today? If so everyone stay safe and let me know when you are back up and running.

Now the unimportant (relatively) questions,

- did we ever send the updated chart to FL? I made Heidi's suggestions and attached below in two formats (one with examples) one without.
- Has FL postponed our meeting?
- Is there anything else you need from me at this time?

Hoping you all dry out soon. - Kathy
